ABOUT

A highly motivated and results driven Statistics Student who in the course of 4 years had valuable experience in leading and developing numerous student teams. Skilled in numerous fields such as Operations Research, Programming and Analysis of unstructured data using statistical packages. Also, developed the ability to handle complex assignments effectively and work as a part of a team or independently. Aiming to become part of a company that values data, is research-oriented and uses extensively statistical analysis, believing that my skills will create value.
